PRELIMINARY AMENDMENT

Sir:

In connection with entry into the National Phase in the United States of the above-referenced application, please amend the application as follows:

In the Claims:

Amend claims 1-8 as follows:

1. (Amended) An air suspension anti-roll stabilization system comprising air suspension means, such as at least one pair of air bags air spring mounted upon an axle via leaf spring suspension-arms of an associated vehicle on respective opposed sides of the longitudinal axis of the vehicle, with the axle being located at least partially with respect to
